

Greetings Parents!

We are thrilled that school has finally begun. We have been preparing all summer for this moment.

September is going to be a month of learning new routines, easing separation anxiety and diving into several fun themes – farm is always a class favorite. Check out the calendar for days like “wear something red” when we focus on our color of the month.

Please make sure to label EVERYTHING you send for your children. With drop off and pick up being different right now, we want to make sure you arrive and depart with what belongs to you.

Before arrival each day make sure to complete the Health Questionnaire on the school’s website (www.bcumcs.org). Your child may not enter until a parent or guardian submits the form. Tip – do it before you leave the house and save time at the drop off door 😊

Thank you for trusting us to keep your children safe and to enrich their lives with play-based curriculum. We have a fun year planned and are excited to share it with you all.

Best,
Mrs. Shelton
Mrs. Block
